Pressure Transmitter

Series EUGPT

Features:

Advanced sensor design
Good stability and accuracy
Analog and Digital outputs
No moving parts

Specifications:

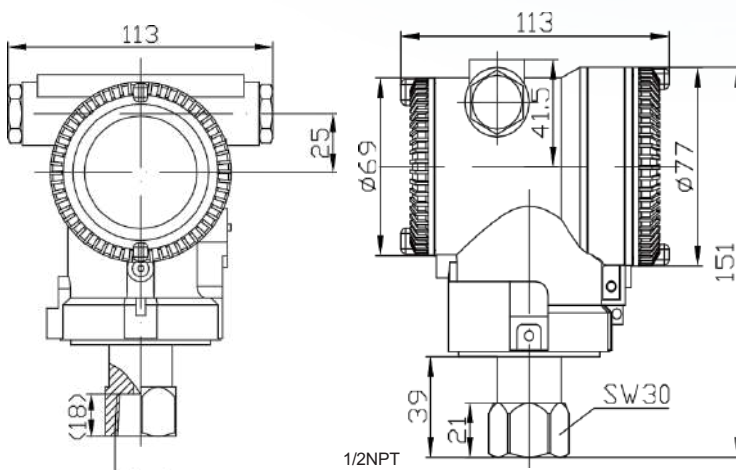

Pressure range in bar	: 0 -1, 0-2, 0-5, 0-10, 0-20, 0-40
Supply	: 24 V DC, 2wire
Output	: 4-20 mA, 2 wire
Communication (Optional)	: HART, RS 485
Accuracy	: 0.2% of reading
Temperature rating	: 0 to 100 Deg. C for medium and 0- 50 Deg. C for ambient
Over pressure	: 1.5 times the rated pressure
Wetted parts MOC	: SS 316L including diaphragm
Enclosure MOC	: Die cast Aluminum
Protection	: IP 67
Fill fluid	: Silicon oil
Connection	: ½" NPT/G 1/2/M 20
Electrical Connection	: ½" NPT

Model De - codification

Model : EUGPT-20-S-1-2-1-0

20	: Pressure range: 0-20 bar g
S	: MOC: SS 316
1	: Output 1 Analog 4-20 mA
2	: Output2 Digital RS 485
1	: With Built in Display
0	: Standard connection ½" NPT(F) direct mounting
